

**Pendant stations for small hoist application, in single / double row or direct power circuits switchings and tail lift controls.**

page 12 to 25

Giovenzana International Company, leader in lifting equipment control, makes a wide range of standard products for all installation requirements, and all built to high quality specification and safety guidelines.

The Lift Equipment products series comply with: IEC 947-5-1, EN60947-5-1, UL508 and use: IEC 204-1, EN60204-1, EN ISO 13850, all achieved according to the needs and requirements of Cee 89/392.

All operators are coloured and the laser-engraved, indelible legends comply with EN60204-1 and FEM 9.941.

CERTIFICATIONS: The pendant stations P02, P03 , HP03, PL series can be certificated cUL.

## LIFTING EQUIPMENT

### Characteristics:

- Bi-directional, mechanically interlocked
- IP 65 double insulation IEC/EN60529
- General and electrical data page 23
- Laser engraved symbols comply with EN60204-1, FEM 9.941
- Shock proof and heat resistant

Hoist control: **P02 P03 HP03 DC30**
